JULIAN BYRD - - - - - Manager

JULY RACE MEET.

The entire program for the big celebration planned for July 4th has not been completed, but posters will be out the first of the coming week with full announcement. It has been determined to have some horse racing and ball games and to begin the program on Saturday, July 2. It is not known at this time what ball teams will compete for the purse of \$150 but it is hoped to have a lively match between Burns and some outside team. The first game will be Sunday afternoon and another Monday, July 4.

Hon. Frank Davey has been selected as orator of the day and Prof. M. A. Biggs to read the Declaration of Independence. All the committees have not been selected. J. J. Donegan and Harry C. Smith have been appointed to look after the parade and they are to select a third member. Other committees yet to be appointed are: Committee on literary program, one on music and one on sports and amusements other than the races and ball games which will be taken care of by the Fair association. The racing program has been arranged as follows, subject to change should it be found necessary to accommodate the horses in attendance:

SATURDAY.

Three-eighths mile dash for Harney county saddle horses that have never won public money, vaquero riders with stock saddles, entrance 5 per cent of purse, \$35.

One-fourth mile dash, free for all, purse \$100.

One-half mile dash, free for all, purse \$150.

MONDAY.

On account of the baseball game there will be but two races on this day.

Three-eighths mile dash, free for all, purse \$125.

One-half mile dash, free for all, purse \$150.

TUESDAY.

Three-eighths mile dash for saddle horses under same conditions as first one, the horse who won first on Saturday barred, purse \$50.

Four and one-half furlongs, free for all, purse \$150.

Three-fourths mile dash, free for all, purse, \$175.

Consolation race distance and purse to be announced by judges.

The usual conditions and rules will govern these races, the entrance being 10 per cent except when otherwise provided, 5 horses to enter and 3 to start.

The speed events will be under the management of the Harney County Fair Association.

COMING OF THE AUTO.

Several of our local people are becoming interested in automobiles and already a few have been purchased with more to follow. They are becoming quite numerous in this section and with the advent of a repair shop and experienced mechanics no doubt a large number of machines will be purchased. The automobile is quite popular

and has become a necessity on the long distance runs over this isolated section. The machines now in use have demonstrated their practicability and they are no longer looked upon as a luxury. One machine made the entire 1500 mile trip with the Hill party on its tour of Central Oregon and arrived in Portland in good condition.

There are now three machines making trips from this place to the end of the Sumpter Valley railroad and they have reduced the time between here and Portland 24 hours. This is quite an item and appeals to people who have to travel. One can now leave Burns at 6 o'clock in the morning and reach Portland the following morning at 8 o'clock.

The Robbins store building on the corner opposite The Times-Herald office has recently been sold and it is understood the parties who purchased it are going to remodel it into a garage and possibly they will also handle automobiles for sale. This will stimulate the auto trade in this section and by next season there will be a large number of machines in use.

BURNS THE VICTORS.

The ball game last Sunday afternoon at the fair grounds resulted in a victory for Burns, the score being 15 to 1 in favor of the local team.

The Narrows had some good players but they lacked practice together. It was a nice clean game and it was hoped the score would be closer as the Burns team would like to have a couple of games during the 4th of July celebration.

Chas. Reed and Walter Sullivan were pitcher and catcher for Narrows. Will Gould and M. A. Biggs held the position for Burns.

Isaac Schwartz was the umpire.

LOCAL OVERFLOW.

Cremo—the children cry for it. The Summit shirt at Schenk Bros.

Clothing for youths and children at Schenk Bros.

Born—to Mr. and Mrs. Ernest Rhynevan, Thursday May 26, a son.

Gentlemen, we have all our spring and summer stock in. Yours truly, Schenk Bros.

Geo. Howe and wife were over from the Calamity Creek section the first of this week.

If you want to see the latest styles in hair goods, Turbans, Switches and Hats, step into the Busy Corner Store and ask the lady.

L. Woldenberg of the Blue Mt. Rapid Transit Line has his new auto now on the route between here and Dixie for the accommodation of travel.

John Hipsman has disposed of his farm near the flour mill to Grant Sturtevant. This is one of the best grain producing farms in this section. Mr. Sturtevant also got some horses and cattle with the place and paid, \$6,000.

I have re-opened the Red Front Barn and will run as a feed stable only. I am going to take the best of care of horses and make my charges as reasonable as possible. My men will have nothing to do but care for your teams and I am going to see that it is done. I will appreciate a share of your patronage and will strive to please.

M. L. LEWIS.

BIG LAND MEN HERE

(Continued from page one.)

pared to head colonization into Harney valley in advance of the railroad and our people are assured of an influx of settlement even before railroad construction.

Mr. Mosher said that the Harney Valley offered great opportunities for diversified farming and that it would have an advantage over other pioneer countries in that the Oregon & Western Colonization Co. would put real farmers in here right from the start and the country would not be retarded by the settlement of the shiftless class general to the frontier who had to be gotten rid of before intelligent farming begun. It has many advantages in other respects and the settlers now coming will not have to suffer hardships and privation generally incident to the developed of new sections.

The gentleman remarked the uniform richness and depth of the soil all over the valley and said aside from an occasional alkali spot and some portions more or less sand, the valley lands are much the same.

"Your home people are accustomed to this and while they may realize it, they don't appreciate the big opportunities," said Mr. Mosher. "This valley contains farm homes for a quarter million people and you will see that number prospering within a reasonable time."

When asked regarding prices, he said that the company would ask a fair price for the land, but that it was the intention to make such terms that people who are energetic and will make the best of their opportunities can pay without in any wise cramping them. The company is made up of substantial men with sufficient capital to take care of their customers and it is not the intention to make unreasonable demands. Both Mr. Burchard and Mr. Davidson have had wide experience in colonizing and are perfectly capable of handling this big grant in a manner that will bring good results.

Mr. Mosher spoke of the good work of commercial clubs and urged that the local organization be kept a live body and that the business men should realize the importance of "pushing." We have a great body of farming land in this community capable of supporting large numbers of farmers and each farmer is good for \$1000 in trade every year, therefore we should get the farmers. He said the matter of irrigation would come in due time. He would not commit his company to such a policy but said that with the excellent possibilities nature had provided the irrigation of Harney valley was not such a difficult problem and that capital could be secured for such a project when conditions would justify.

The particular work of the party at this time is to make a second and more thorough inspection of the lands and secure material and views for advertising purposes. The company is going to advertise this section very extensively and much good will result from it. Mr. Mosher said he hoped our people would get busy and have some products ready for him this fall as they have secured large booths in various land shows throughout the east and middle west and would be pleased to have displays from this section. He was informed that Mr. Hill had first consideration in this line, but it was possible to supply both.

The party left yesterday for the west and after arriving at the western end of the grant Mr. Davidson will proceed to St. Paul and consult with his associates when some important and definite announcements will be made regarding the plans of the company.
